

ASCII

in this challenge they have given me a some ascii numbers and told me to convert them into characters and we get the flag i created a python script so that it takes the ascii numbers and covert it into chracters

```
(semin@kali)-[~]  
$ nano ascii.py  
  
(semin@kali)-[~]  
$ python3 ascii.py  
crypto{ASCII_pr1nt4bl3}
```

```
a=[99, 114, 121, 112, 116, 111, 123, 65, 83, 67, 73, 73, 95, 112, 114, 49, 110, 116, 52, 98, 108, 51, 125]  
for i in a:  
    print (chr(i),end="")
```

crypto{ASCII_pr1nt4bl3}
